

The consigning advantage

This is the ULTIMATE way to RECYCLE, turn your quality children's outgrown or unused items in to CASH!!!

Consignment sales will bring much higher prices than yard sales!

Just imagine not clearing out your garage for a sale or packing up those items for "ONE OF THESE DAYS WE'RE GOING TO HAVE A YARD SALE", You price your items then just drop them off (leaving no room to haggle).

You'll receive 70% of the selling price from each item sold. There is no way a consignment shop can compare.

You have the chance to shop FIRST at the consignors only private sale.

As a consignor you get to take advantage of our widespread advertising, customer volume and we take care of all the details!

This is a great solution!

Spring/ Summer Sale

April 2nd - 6th

(Open daily 10 - 8; Closed Sunday)

Hosted By:

Christy Tison & Courtney Bach

Tagging Instructions

PLEASE READ CAREFULLY!

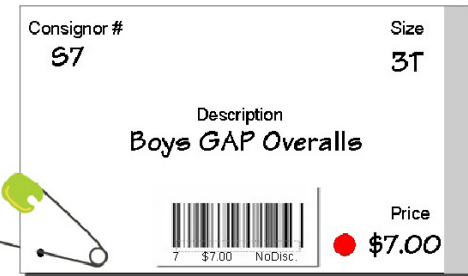

Hanging

- Clothing must be on hangers with the hook turned left (see diagram)
- Pants, shorts & skirts can be secured using safety pins.
- Clothing sells best when pressed, but buttoned and zippers zipped!
- Please use small hangers on 0-18 m clothing (ask your local dry cleaners for hangers they usually have a recycle bin)

Tagging

- Use 3"x5" index cards to tag all items.
- Safety pin tag to the right side of each garment (see diagram)
- When tagging books & large equipment place the index card in a zip-loc bag then secure the bag on all sides, using packing tape, to the item. Please leave the bag center tape-free.
- **The format below MUST be followed to make your tags!** (It is not necessary to write out the words size, price, and description.)

YES! The placement of the safety pin is IMPORTANT! Place a red dot next to the price if you would NOT like for it to be discounted during the 1/2 price sale.

Pricing

- A general rule for pricing your item is to figure 30-40% of what you originally paid. The condition of the item will raise or lower that figure.
- Use only whole dollar increments (this means no items under \$1.00).

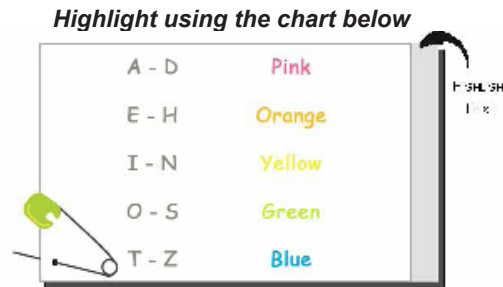

Bagging

- Zip-loc bags are great for toys with small parts. Place small pieces in a bag then secure the bag to the toy with packing tape.
- Shoes must be in great condition and be placed in a zip-loc bag with tag placed inside.
- Bags are great for bedding, books, bulk items, accessories, anything that needs to stay together..a bag is a good idea!

Highlighting

Are you planning to pick up your unsold items?

To aide in sorting we are asking that ALL consignors planning to pick up their unsold items highlight their cards. Example: if your consignor number begins with the letter "M" then you would use a yellow highlighter creating a band down the right of each index card (notice the shaded area below).

HINT: use a spare index card to create a straight line.

WE WILL BE LIMITING THE FOLLOWING ITEMS TO YOUR VERY BEST:

- 10 onesies & 10 Sleepers (must be in zip-loc bags)
- 10 pair of shoes per child (sz 13 and under must be in zip-loc bags)
- 5 of your best stuffed animals (current characters only)
- All T-shirts and polos MUST be in like new condition.
