

The consigning advantage

This is the ULTIMATE way to RECYCLE, turn your quality children's outgrown or unused items in to CASH!!! Consignment sales will bring much higher prices than yard sales!

Just imagine not clearing out your garage for a sale or packing up those items for

"ONE OF THESE DAYS WE'RE GOING TO HAVE A YARD SALE",

You price your items then just drop them off (leaving no room to haggle).

You receive 70% of the selling price from each item sold. There is no way a consignment shop can compare. As a consignor, you will have the chance to shop at the private sale before we open to the public. As a consignor you get to take advantage of our widespread advertising, customer volume and we take care of all the details!

This is a GREAT solution!
